LEHIGH DISTRICT
2023 FIRST AID MEET
Scenario #3: Batmobile Accident

Scenario: Your scout patrol just finished picking up donations for Scouting for Food when you observe a vehicle traveling at a high speed crash into a tree. The operator of the vehicle was able to eject from the vehicle just before it struck the tree and caught fire.

The operator, dressed in a red and green outfit, is laying in the roadway with ***SEVERE*** bleeding above the left ankle. The blood is flowing rapidly and time is of the essence. The operator also has an oozing laceration just below the right elbow. The costumed individual is unconscious.

The patrol has a first aid kit. A passerby, a male dressed very well, states his house is up the street (1939 Caped Crusader Way) and they can go there and tell his butler that they need to use the phone with the direct line to 911.

The passerby states that the injured male is 17 years old and his name is Tim Drake. He has no allergies and medical history.

Judge's Notes:

The following announcements will be made during the scenario.

"**30 Seconds**" - Mark 0 or 10 points if Direct Pressure was applied by this time

"**1 Minute**" – Mark 0 or 5 points if Direct Pressure was applied between 31 seconds and 60 seconds.
– Mark 0 or 10 points if Pressure Bandage was applied by this time.
– Mark 0 or 30 points if Tourniquet was applied by this time.

"**1½ Minutes**" – Mark 0 or 5 points if Direct Pressure was applied between 1 minute and 1½ minutes.

"**3 Minutes**" – Mark 0 or 25 points if Tourniquet was applied between 1 minute and 3 minutes.

Once Direct Pressure is applied, inform patrol that "***the bleeding has not stopped***".

Once a pressure bandage is applied, inform patrol that "***the bleeding has not stopped***".

NOTE: Tourniquet should not be tight that it prevents blood flow, but should be snug.
