LEHIGH DISTRICT
2025 FIRST AID MEET
Scenario #2: The Midnight Ride

Scenario: It is the early afternoon of April 18, 1775, in Charlestown, Massachusetts, and your patrol was summoned by Dr. Joseph Warren. Dr. Warren instructs your patrol to make sure that two horses are ready for an important ride later in the evening. Dr. Warren tells you that Paul Revere and William Dawes would be taking them to Lexington with important messages for John Adams and John Hancock.

While getting the horses fed, watered, and cleaned, one of your patrol members, Kris James, is tossing the hay down from the loft when they trip and fall. Kris, who is 13 years old and conscious, lays on the ground in severe pain. The patrol observes that the lower left leg is deformed, no open wounds visible, the area is tender and swollen. Dr. Warren's office is about 2 blocks away and his help will be needed.

The patrol will have to show or explain up to four methods on how they would move a victim.
