LEHIGH DISTRICT 2026 FIRST AID MEET

Scenario #5: Today

Scenario: After triaging the soldiers on December 7, 1941, during the attack on Pearl Harbor and neighboring airfields, the patrol checks the Omni and finds that the light is green. Shortly after checking the Omni, the patrol flies through space and lands at the same spot that they had initially left from. The patrol is now back at Gettysburg National Military Park at the same date and time that they had left.

The patrol returns to their campsite and tells their Scoutmaster about their adventures in time. The Scoutmaster just looks at them puzzled and tells them that they must finish their Hands-only CPR demonstration for advancement.
